

About the classes:

1. Beauty of theater class

Teacher: Mandy Martinez

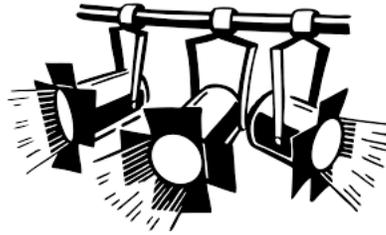

In this class, you will learn about three parts of theater: costumes, hair, and makeup. You will learn the basics on how to choose costumes and how to repair costumes. Also, you will learn how to do theater hair, the different types of styles commonly used in theater, and how to do big and bold stage makeup.

2. Tech World class

Teacher: Josh Pease

In this class, you will learn about how a technical director runs a theater production. You will learn the different parts of the soundboard, how to run spotlights, how to add sound effects to a show, how lighting is important to a show, and much more.

3. Acting 101

Teacher: Cindy Pyard

In this class, you will learn the basics of acting. You will improve skills in expression and memorizing lines. You will also learn about the rules and slang of theater and how they apply to acting. And at the end of the week on the Friday performance, you will put on a skit you learned and memorized during camp.

4. "So you think you can dance?" class

Teacher: TBD

In this class, you will learn how to be a star on stage when it comes to dancing. You will learn how theater dancing is different to other types of dancing. You will also learn and rehearse a dance choreographed by your teacher. You will get a chance to choreograph a dance yourself, and put on a dance at the Friday performance for everyone to see.

5. Theater Idol

Teacher: MaryBeth Allen

Have you ever had audition jitters? We will learn in this class how to prepare for an audition and to do your best in a show. Learn how to project your voice learning proper breathing techniques, improve expression, picking the perfect audition song, and to take care of your voice so you have it for a long time! Songwriting techniques will also be covered to find your inner creativity! Performances of songs we rehearsed or wrote will be showcased at the Friday night show.

6. Leaders of theater

Teacher: Renee Beck

In this class, you will become directors and playwrights. You will learn how to put on a production as a director. You will learn about everything a director does and the skills needed to be a director. You will also learn how to write a script and even write one of your own. On the Friday night performance you will perform the scripts you write and you will help to run the show.

7. "Behind the scenes" class

Teacher: Alex Caudill

In this class, you will launch yourself into the "behind the scenes" world of theater. You will learn how to become a stage manager. You will learn how to properly "spike" a set as well as learn how to properly move a big set piece. You will be taught how to pull curtains and when to pull curtains. You will also learn about proper backstage behavior and rules, and learn backstage 'lingo' and vocabulary.

8. Art in Theater Class

Teacher: Kelly Linder

In this class, you will learn how props and sets are built and used on stage. You will learn the importance of props and why they are used. You will make props for the Friday show and some just for fun. You will learn basic art skills as well as different techniques when it comes to painting sets and props.
